## Software Engineer

A new graduate with 2+ years of hands-on experience in full-stack software engineering. Strong leadership skills that have helped push the agile development of several PWAs which exceeded client and user expectation.

## EDUCATION

---

### B.S. Software Development

Georgia Gwinnett College • GPA: 3.5 • Dean's List: Spring/Summer 2023

## TECHNICAL SKILLS

---

- FRONT-END: **2+ years** developing web apps in HTML/CSS/JS using ReactJS and AngularJS
- BACK-END: **2+ years** handling database relationships using NodeJS, ExpressJS, and C#
- GENERAL: **4+ years** experience in object-oriented programming in several languages
- PROJECT: **1+ years** using version control and management tools such as Git/GitHub and Jira

## PROJECTS

---

### Crypto Betting App

#### Full Stack Engineer, Team Lead

**02/2023 - 05/2023**

- Developed, deployed, and maintained NodeJS server to handle Auth0 authentication and routinely handle data calls to CoinGecko API endpoints. Also developed the CRUD functionality for the application's document-based database.
- Engineered a work-around for stringent API rate limits – improving the reliable price quote age from approx. 30 mins to under five (5) minutes old.

### Visual Portfolio

#### Lead Software Engineer, QA Lead

**09/2022 - 11/2022**

- Lead a team of three (3) front-end engineers in the design and implementation of UI/UX using ReactJS over three (3) sprints to deliver a final product to client, achieving final project grade of 97/100
- Organized two (2) user-testing events, held client-acceptance testing meetings and conducted end-to-end and integration testing.

## WORK EXPERIENCE

---

Ille & Florica Home Improvements (ref # 678-360-2882)

#### Contractor's Assistant

**2018 – Current**

- Worked as an assistant to a Georgia-licensed general contractor for 5+ years. Developed customer relation skills, gathered contract leads and delivered quality product in record times to the customer.
